No. 663.

December 9, 1908.

Mr. E. J. Martin, City Clerk, Pittsburgh, Pa.:

Dear Sir—It is with pleasure that I report to you the action taken by the

Pen, Pencil and Camera Club at a meeting held on the 4th day of this month, when the following resolution was adopted:

"Resolved, That this organization extends a vote of thanks to Select and Common Councils of the City of Pittsburgh for the assistance they gave the club by endorsing its petition to reopen the doors of Carnegie Institute to photography, And further, that a cordial invitation be extended the members of said bodies and their friends to attend the American Photographic Salon, which, owing to their aid, will be held in the galleries of the Institute from January 1 to 15, 1909, inclusive.

Respectfully,

R. L. STEEL, JR.,

Secy. Pen. Pencil and Camera Club.

Which was read, received and filed.

Also

No. 664.

December 8, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Resolution S. C. No. 339, authorizing the Collector of Delinquent Taxes to accept one (\$1.00) dollar in payment for water rent for the year 1907 on property of Pennsylvania College for Women in the Twenty-second ward, and directing the Bureau of Water Assessments to place said property on the exempt list for the future, to be assessed the sum of one (\$1.00) dollar per annum for water rent.

The City Ordinance assessing water rents contains the following provision:

"Hospitals, dispensaries and such other charities as are supported by public and private contribution shall be allowed 150 gallons of water per day per average yearly number of inmates without charge, and for all water used in excess of 150 gallons per day per average yearly number of inmates the charges shall be as per above schedule of metered rates; provided, however, that the charges for each quarter year shall in no case be less than \$1.00 for each such institution."

The allowance of 150 gallons of water per day for each inmate of a charitable institution is an ample allowance if any reasonable care is exercised to prevent leakage and waste.

It has been found by experience that, however, it may be with some individual cases, in the majority of cases the giving of absolutely free water leads to recklessness in the management of the institution in regard to the use of water and causes a useless waste.

I, therefore, earnestly advise against the waiving of this limitation.

Moreover, it is manifestly inequitable to waive the limitation in the case of this institution and insist upon it in other cases.

If this institution is entitled to the privilege given by the general Ordinance

it can obtain it without this Resolution; if it is not, the Resolution is illegal. I am.

Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read.

Mr. Stewart moved

That the communication be received and filed.

Which motion prevailed.

And

S. C. No. 339. Resolved, That the Collector of Delinquent Taxes shall be and is hereby authorized and directed to accept the sum of \$1 in payment of water rent for year 1907 on property of Pennsylvania College for Women, Twenty-second ward; and be it further

Resolved, That the Bureau of Water Assessment shall be and is hereby authorized and directed to place said property on the exempt list for the future, to be assessed the sum of one dollar per annum for water rent.

Was read.

And on the question, "Shall the resolution become a law, notwithstanding the objections of the Mayor?"

The ayes and noes were taken agreeably to law, and were:

No. 665.

Mayor's Office.

Pittsburgh, Pa., Dec. 14, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance S. C. No. 627, entitled:

"An Ordinance authorizing the Mayor and the Director of the Department of Public Works to advertise for and award contract or contracts for remodeling and repairing under the three sets of steps in the West Diamond Market House for the purpose of supply stands for butter, eggs and poultry.

"Whereas, There is no butter, eggs or poultry stands on the first floor of the West Diamond Market House; and

"Whereas, It would be more convenient if there were butter, eggs or poultry stands on the first floor; and

"Whereas, By remodeling under these steps, the women occupying the stands on the second floor can secure these stands on the first floor; therefore"

This Ordinance authorizes the letting of a contract for a public improvement for which no estimate has been submitted by the Department of Public Works, which department would have charge of the work, as required by the third paragraph of Article 15 of the Act of March 7, 1901.

For this reason the Ordinance is invalid, and nothing could be done under it.

If it is your desire to have these changes made I would recommend that in authorizing them you do not limit the use to be made of the new stands thereby provided.

The Ordinances as drawn would prohibit their use for any other purpose than stands for butter, eggs and poultry. This would very seriously restrict the use and might result in the city being unable to get tenants at all or to get tenants at a proper price.

I transmit herewith for your information a copy of the report made by the Superintendent of the Bureau of City Property in regard to this matter.

You will see from this and the accompanying draught that the spaces under the stairs would only furnish three stands. This would not be sufficient to accommodate the parties having stands in the second floor of the market house, and the Superintendent reports that so far as one of the new stands is concerned all those tenants refuse to consider it, because it would be too hot for their use. The remaining two stands would not, of course, accommodate the needs of the 11 tenants of the second floor stands, for whose accommodation it was proposed to make the change, and you will see by the Superintendent's report that the tenants themselves have been unable to agree upon the allotment of them.

Stand No. 1, on the other hand, is a very appropriate and desirable situation for a new fish stand; it has the additional advantage that it would introduce another fish stand in the market, thereby promoting competition for the benefit of the public, which is the true purpose of a public market.

So far as the interests of the tenants of the second floor and of the public are concerned, I am of opinion that the best course is to install an elevator, which can be done at a moderate expense, and the Superintendent reports that after careful inquiry from the parties he believes that with possibly one or two exceptions they would all be better satisfied in that way than any other that has been proposed. I am.

Very truly yours,

GEO. W. GUTHRIE,

Mayor.

Department of Public Works,
Bureau of City Property.

Pittsburgh, Pa., December 9, 1908.

A. B. Shepherd, Esq., Acting Director:

Dear Sir—I beg to submit you the following report of the several subjects pertaining to the stand holders on the second floor West Diamond Market:

First—The authority for the rent now paid by the stand holders and what power, if any, which you or the Mayor would have in making a reduction in same, and my recommendations as to what said rentals should be fixed at.

Second—An opinion of the City Attorney as to whether Ordinance No. 627, which is hereto attached, is drawn in proper form and should be recommended for the approval of the Mayor or not; also a report from the Superintendent of the Bureau of Health in answer to an anonymous letter, which is also hereto attached, in which you requested me to refer to the Bureau of Health for an opinion.

Third—Plans showing location of spaces on the first floor which could be utilized for the purpose of taking care of the several stand holders on the second floor of West Diamond Market.

Fourth—The outcome of my several meetings with the women stand holders on the second floor and my recommendations.

Regarding the rental paid by stand holders and the authority for same, I beg to report that some four or five months ago, as per your instructions, I instituted a search to find as to whether there was any Ordinance fixing the rental of the stands on the second floor of West Diamond Market or not. I carefully examined all the Ordinances referring to markets that I could locate, but was unable to discover any matter having a direct bearing on the rental of these stands. This search covered a period of between two and three months; I then, as you suggested, referred the matter to Assistant City Solicitor John D. Evans, and you will find in his report, which is hereto attached, that there is no Ordinance establishing an amount or amounts to be charged for any stalls on the second floor of the Diamond Market, and suggesting that the matter be taken up with the Mayor before any changes are made.

The following is a list of the stand holders and the business they are engaged in and the amount of rents they pay per year:

Mrs. M. Marshall, Bakery Stand No. 7.....	\$156.00
Mrs. M. Fuher, Butter Stand No. 16.....	60.00
Mrs. M. Fuher, Butter Stand No. 22.....	240.00
Mrs. K. B. Jones, Poultry Stand No. 20.....	384.00
Mrs. E. Donahoe, Poultry Stand No. 23.....	384.00
Mrs. Ella Wallace, Poultry Stand No. 17.....	252.00

Mrs. Ella Wallace, Poultry Stand No. 21.....	60.00
--	-------

Ritz & Crowley, Mush Stand No. 27.....	60.00
--	-------

Mrs. M. Jahn, Herbs Stand No. 28	60.00
----------------------------------	-------

Mrs. A. Smith, Herbs Stand No. 29	60.00
-----------------------------------	-------

Mrs. G. Ryan, Restaurant No. 31.	360.00
----------------------------------	--------

If it's possible to make the reductions in these rents, I feel that it should be done, by all means, as they are entirely too high and out of proportion as to what they should be, as I know from personal observation that the stand holders on this floor are doing but very little business, and I would therefore recommend, for your consideration in case a change is made, that the following amounts be charged:

Mrs. M. Marshall, Bakery Stand No. 7.....	\$ 84.00
---	----------

Mrs. M. Fuher, Butter Stands Nos. 16 and 22.....	180.00
--	--------

Mrs. K. B. Jones, Poultry Stand No. 20.....	180.00
---	--------

Mrs. E. Donahoe, Poultry Stand No. 23.....	180.00
--	--------

Mrs. Ella Wallace, Poultry Stands Nos. 17 and 21.....	180.00
---	--------

Ritz & Crowley, Mush Stand No. 27.....	
--	-------

Mrs. M. Jahn, Herbs Stand No. 28	30.00
----------------------------------	-------

Mrs. A. Smith, Herbs Stand No. 29	30.00
-----------------------------------	-------

Mrs. G. Ryan, Restaurant No. 31.	240.00
----------------------------------	--------

As you will note, the reductions made in my recommendations appear very large, but I make the recommendations with the feeling that they are entirely just and fair.

Referring to Ordinance No. 627, which is hereto attached, I beg to state that I submitted same to Assistant City Solicitor John D. Evans for an opinion. He returns same with a letter, which you will find attached. As you will note, this letter states that the Ordinance will make these stands for the exclusive use of parties selling poultry, butter and eggs, and that he feels the matter of approving same is a mere question of policy with the Mayor or our department. The fact of setting these stands aside for the sale of any specific article or articles might, in my opinion, work to the detriment of the city, as in case we would be unable to rent them to parties engaged in this particular line of business it might be unlawful to lease them for the sale of goods other than those specified.

Regarding the anonymous letter, which you will find attached, complaining that a fish stand in the space applied for by Mr. L. Schneider would tend to create in the market a very unsanitary condition and would be objected to by the City and State Bureaus of Health, I referred this matter to Dr. J. F. Edwards, Superintendent of the Bureau of Health, and among attached papers you will find a letter in which he states that there would be no objections to such a stand, providing it would be equipped with the proper drainage facilities.

Referring to spaces on the first floor of the East and West Diamond Mar-

kets that could be utilized for the purpose of taking care of the stand holders on the second floor of West Diamond Market. I herewith submit you plans of said spaces, which you will note are numbered in red pencil:

Stand No. 1, under north stairway of West Diamond Market, is the stand for which Mr. Schneider has made application to be used as a fish stand.

No. 2 designates that space under the east or Market street stairway.

No. 3, on the south stairway, is that space under the stairway next to Wilson's restaurant.

Nos. 4 and 5 are under the south end of the East Diamond Market, and are now occupied by an ice box which is owned by Simon Brahm's Sons. As you may remember, at the time the leases were made in May, 1907, there was no lease given for these spaces, but as they have paid the rent on these spaces up to February 1, 1909, we would be unable to get possession until that date.

No. 6 is that space on the east side of East Diamond Market, next to the grocery store occupied by C. J. Kernan & Co.

Nos. 7 and 8 are spaces on the east side of East Diamond Market where butchers' ice boxes have been removed.

No. 9 is a space on the west side of the East Diamond Market wherefrom a butcher's ice box was removed.

Regarding my several meetings with the ladies who occupy the stands on the second floor of the West Diamond Market, as to their desire to take the spaces on the first floor or to remain on the second floor where they now are, and under what conditions they would remain, I beg to report that I have had four or five meetings with these ladies, and at most of the meetings there has been a divided opinion. At nearly all meetings we had there was always three to five of the women in favor of remaining on the second floor, provided there was a reduction made in their rents and an elevator placed in the market.

At no time has Mrs. G. Ryan, who conducts the restaurant on the second floor of the West Diamond Market, taken any part in these meetings. At our meeting on Tuesday, December 8, which lasted for several hours, and after much discussion a proposition was made that should the city make a fair reduction in the rent now charged on the second floor and install an elevator, and further agree that no person or persons be given spaces on the first floor to conduct a business similar to that business conducted by these women on the second floor; this proposition seemed to meet with the approval of those present, with the exception of two. The same evening, at 6 o'clock, I met the same women and went over the spaces that you will find marked on accompanying plans, and at that time there seemed to be a general objection to the size, style and location of spaces which we had to offer. They all rejected spaces which you will find numbered six, seven, eight and nine, stating that they would not have suf-

ficient room in any of them. They seemed to desire spaces in which they could build large ice boxes in which to store and display goods which they had for sale, and as you can readily see, there is no space which is marked on plan of stairway or others, excepting spaces which are marked four and five and now occupied by Simon Brahm's Sons' ice boxes. After some talk we adjourned to meet Wednesday morning. The Wednesday meeting, which lasted from 9:30 A. M. until 12:15 P. M., at which the women seemed to be still divided, and those wishing to remain under conditions stated were Mrs. Smith, Mrs. Marshall, Mrs. Thompson and Mrs. Jahn. Mrs. Wallace stated that there was no space downstairs for her and that she would remain where she was. Mrs. Jones, Mrs. Fuher and Mrs. Donahoe still insisted that they desired to get spaces on the first floor, but it appeared that none of them desired to take that space which is marked numbered three, and is under the south stairway next to Wilson's restaurant, for the reason that the location was not a good one and the heat coming from the restaurant on either side would tend to incur an additional expense for the supplying of ice. There was very much discussion among the women as to who should have the choice of stands, several claiming that they had the right to first choice; some of the women also claimed that the choice of stands had been promised one of their party. I took the liberty of denying this claim, stating that neither you nor the Mayor would play any favorites in the allotment of the spaces. It was then suggested by those wishing to go downstairs that would they draw lots for the choice of spaces, but this did not seem to meet with the general satisfaction, as it appeared they all desired the same space; they either desired the one space or feared that they would draw a space which was undesirable. After a long discussion a proposition was made that if they get a reduction in the rents and an elevator on the Market street side, and the privilege of taking downstairs spaces as soon as they could be put in shape for occupancy, they would be willing to draw lots for the choice of said spaces. Then the question was raised as to whether the space which Mr. Schneider has applied for would be considered one of the spaces for which they would draw lots. I told them that I could not promise them that such would be the case. Some of the women were in favor of letting Mr. Schneider have this stand and draw lots for the others as they became ready for them; others insisted that this should be included as one of the stands of which they were to get possession. The final proposition from some of the women was—that the city make a reduction, put in new elevator, and giving those who wished the privilege of taking downstairs spaces as soon as they could be prepared for occupancy, they to draw lots for the choice of spaces. Mrs. Jones, who objected, stated that she would not take the space next to Wilson's restaurant. Mrs. Donahoe will not draw at all and said that she wants the space under the east stairway, which she asked

for several years ago, as she thinks she is entitled to this space. Mrs. Jones, Mrs. Fuher and Mrs. Donahoe also insist that Stand No. 1, for which Mr. L. Schneider has an application, be included in the spaces for which they are to get possession, but the general sentiment of the women was, with a reduction of rent and the increased patronage they would derive from the installing of an elevator, would be the means of increasing their business to such an extent that they would be enabled to earn a livelihood, they would prefer to remain on the second floor, with the exception of Mrs. Jones, who maintains that she would not take space No. 3, which is under the south stairway and next to Wilson's restaurant, and Mrs. Donahoe, who claims she will not draw at all for spaces. Mrs. Fuher takes the position that if Mrs. Jones and Mrs. Donahoe get spaces on the first floor that she is also entitled to one, but she is willing to draw and take any space which may fall her lot. In addition to this, I think it is only proper that I should state that a rumor has reached my ears which Mr. John Reams, formerly employed by Knapp Bros., asserts that he can verify that Mrs. Jones has made the statement that if she could obtain a lease on stand No. 1 that she could get \$1,000.00 any time for this stand.

It appears to me to be an utter impossibility to adjust the matter of the downstairs spaces satisfactorily. It is impossible to get the women applying for these spaces to come to any sort of an agreement or to agree to any plan that might be suggested.

The majority are anxious and willing to remain on the second floor if we make a reduction in the rent and place an elevator in the market.

I would respectfully make the following recommendations: That the rents be reduced as set forth in my recommendations on sheet three; that an elevator be placed, as soon as possible, in said market, and that should the stand holders desire the spaces which we may have to offer on the first floor of either market be required to draw lots in order to decide who is entitled to choice. As to the installing of an elevator in said market, I beg to state that while no money has been appropriated for it if it's your desire that the work be done I can save enough money from my present appropriation to do so. I feel that the recommendations I have here made are about the only solution to this problem, as I am satisfied the placing of an elevator in this market will tend to increase the patronage on the second floor, and that after said elevator is in there will be sufficient demand for spaces on that floor to more than make up for the reduction in rent that I have recommended.

Respectfully submitted,

GEO. B. WELSH,

Supt. Bureau of City Property.

Supplement showing dimensions of stands and average cost per square foot of other rentals in the market and

amount required for putting these stands in shape for occupancy:

Space No. 1 measures from front of stand to a point where the ceiling is 6 feet 3 inches in clear or 117 square feet; from where it is 6 feet 3 inches clear to a point where it is 2 feet in clear it contains 49 2-3 square feet.

Space No. 2, with ice box removed, which is on one side of it, but cannot be done until February 1, 1909, measures from point of stand to a point where ceiling is 6 feet 3 inches in clear, or 135 square feet; from where it is 6 feet 3 inches to a point where it is 2 feet it contains 105 square feet.

Space No. 2, with ice box remaining, will measure from front of stand to a point where ceiling is 6 feet 3 inches in clear 116 square feet; from where it is 6 feet 3 inches back to a point where it is 2 feet in clear it will measure 89 square feet.

Space No. 3 measures from point of stand back to a point where it is 6 feet 3 inches in clear 124 square feet; from where it is 6 feet to a point where it is 2 feet it contains 95 square feet.

Spaces 4 and 5, where Brahm's ice box is now located and could be removed after February 1, 1909, is not under a stairway and runs to the ceiling on all sides, containing 244 square feet; would make two good stands.

The rentals in the West Diamond Market range from \$2.26 per square foot to \$4.54 per square foot per annum. The average rental paid in said market is \$3.11 per square foot per annum.

The rentals in East Diamond Market range from \$3.18 per square foot to \$4.69 per square foot per annum, and the average rental is \$3.71 per square foot per annum. I estimate that it would cost about \$300.00 for putting each stairway in proper shape for occupancy; that is, without counter or ice box, which the city has never furnished. I also estimate that it would cost about \$100.00 to put spaces 4 and 5 in shape for occupancy, without ice box or counter, which the city has never furnished.

Very respectfully yours,

GEO. B. WELSH,

Supt. Bureau of City Property.

C. C. Bill No. 322. An Ordinance entitled, "An Ordinance authorizing the Director of the Department of Public Works to proceed to condemn the property of Samuel W. Black and Jas. H. Park, situated in the Nineteenth ward, Pittsburgh, for park purposes."

In Common Council December 14, 1908. Passed.

In Select Council December 14, 1908. Rule suspended, bill read a second time and further action postponed until the next regular meeting in order that the members may familiarize themselves with the property, and bill referred to the City Solicitor for an opinion as to its legality, the same not being accompanied by a bond to cover the costs of said condemnation.

Which was read.

The Chair presented

No. 679.

Department of Law.

Pittsburgh, December 28, 1908.

To the Select Council of the City of Pittsburgh:

Gentlemen—I return herewith C. C. No. 322, which is an Ordinance for the condemnation of property of Samuel W. Black and James H. Park situated in the Nineteenth ward, Pittsburgh, for park purposes. This, along with another bill, C. C. No. 323, being an Ordinance for the condemnation of property of Roger Williams, in the Nineteenth ward, for park purposes, were referred to me "for an opinion as to their legality, the same not being accompanied by a bond to cover the costs of said condemnation."

Ordinances for the condemnation of property for park purposes are never accompanied by bonds. The question of a bond arises after the passage of an Ordinance; that is, when the city proceeds to condemn for park purposes it must file a bond in court in such amount as the Court may consider to be proper.

Therefore, Ordinances presented to or pending in Councils for condemnation for park purposes are never accompanied by a bond.

Respectfully submitted,

W. B. RODGERS,

City Solicitor.

Which was read, received and filed.

Mr. Frederick moved

That further action upon the bill be indefinitely postponed.

Which motion did not prevail.

C. C. Bill No. 323. An Ordinance entitled, "An Ordinance authorizing the Director of the Department of Public Works to proceed to condemn the property of Roger Williams, in the Nineteenth ward, for park purposes."

In Common Council December 14, 1908. Passed.

In Select Council December 14, 1908. Rule suspended, bill read a second time and further action postponed until the next regular meeting in order that the members may familiarize themselves with the property, and bill referred to the City Solicitor for an opinion as to its legality, the same not being accompanied by a bond to cover the costs of said condemnation.

Which was read.

The Chair presented

No. 680.

Department of Law.

Pittsburgh, December 28, 1908.

To the Select Council of the City of Pittsburgh:

Gentlemen—I return herewith C. C. No. 323, which is an Ordinance for the condemnation of property of Roger Williams, in the Nineteenth ward, for park purposes. This, along with another bill, C. C. No. 322, being an Ordinance for the condemnation of property of Samuel W. Black and James H. Park, situated in the Nineteenth ward, Pittsburgh, for park purposes, were referred to me "for an opinion as to their legality, the same not being accompanied by a bond to cover the costs of said condemnation."

Ordinances for the condemnation of property for park purposes are never accompanied by bonds. The question of a bond arises after the passage of an Ordinance, that is, when the city proceeds to condemn for park purposes it must file a bond in court in such amount as the Court may consider to be proper.

Therefore, Ordinances presented to or pending in Councils for condemnation for park purposes are never accompanied by a bond.

Respectfully submitted,

W. B. RODGERS,

City Solicitor.

No. 681.

Mayor's Office.

Pittsburgh, January 11, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—The proceedings for the appraisal of the property of the Monongahela Water Works, in the Twenty-fourth to Thirty-sixth wards, inclusive, of the City of Pittsburgh, having been finally approved by the Supreme Court of the State, the city now has the right to take said property at the valuation placed thereon by the appraisers, to wit, \$1,975,000.

In anticipation of this decision the people have authorized the city to increase its debt \$1,975,000 for the purpose of paying for the said property, but it will take some time for your honorable bodies to authorize the issue of bonds and for the city to sell them in order to raise the money to make the payment to the company.

In the meantime the citizens in the wards affected are very properly anxious that the city should at the earliest date possible take over the plant of the company in order to be able to deliver filtered water from the filtration plant instead of the water now pumped by the company from the Monongahela river.

The Monongahela Water Company has informed me that it is willing to turn over its plant to the city forthwith, without waiting for the city to be ready to pay the money, provided the accounts can be fairly settled and adjusted, and provided the city will give a bond and indemnity for the payment of the purchase money as soon as the money can be raised by the issue and sale of bonds.

In order to enable the city to perfect such an arrangement I would respectfully request your honorable bodies to pass the Resolution herewith submitted, which has been approved and recommended by the City Solicitor. I am,

Very respectfully yours,

GEO. W. GUTHRIE,
Mayor.

Which was read, received and filed.

Also

No. 682. Resolution relative to taking over the Monongahela Water Works.

First. Resolved, By the Select and Common Councils of the City of Pittsburgh, that in order that the Monongahela Water Works may be taken over at once, the Mayor is hereby authorized and directed to execute and give to the Monongahela Water Company a bond of the city for the payment of the purchase money, namely, \$1,975,000, with interest from the date of the delivery of the water works.

Pittsburgh Trust Company.

Pittsburgh, Pa., December 30, 1908.

To the Select Council of the City of Pittsburgh:

Gentlemen—We take this opportunity of again urging that the city recognize trust companies as legal depositories for the city funds. Both the city and the trust company are State institutions, created by the same power and subject to the same authority.

The State Banking Department makes two examinations each year, the reports of same being filed at Harrisburg. It is more convenient to get access to such reports and to other information at Harrisburg than to obtain similar information concerning the national banks at Washington. It would seem logical, therefore, that preference in this matter should be given to the trust companies.

Particularly, however, we wish to call your attention to the Pittsburgh Trust Company. We have a large capital, \$2,000,000, and surplus and profits of over \$4,000,000. We enclose a recent statement of condition, which not only shows our financial strength, but also gives the names of our board of active, conservative directors. These, with our fifteen years of experience, should entitle us to consideration as a sound financial institution.

While none of the trust companies are members of the Pittsburgh Clearing House, yet we are there represented so as to insure to our depositors safety and convenience equivalent to that afforded them by a Clearing House bank. As a matter of fact, our Clearing House arrangement makes us subject to the examination and audit of the Clearing House Committee just as if our institution were a member; and our Clearing House business is attended to in the same manner.

In addition to these safeguards and the examination by the State Banking Department and the Orphans' Court Auditor, this company has always been audited annually by an outside certified public accountant, who makes a detailed report to our directors and stockholders. The same certified public accountant also makes an inspection and count of securities and collaterals every sixty days during the year without notice.

You will see, therefore, that we have taken every precaution for the protection both of our stockholders and of our de-

positors. We do not do a bonding business nor do we have a title insurance department.

We shall be pleased to allow the city 3½ per cent. interest on the sinking fund accounts and 2½ per cent. on daily balances of the checking accounts, or to make such other arrangement for payment of interest as may be mutually satisfactory.

We should expect to be in position to make the customary loans to the city, at current rates of interest, from time to time as occasion might require.

We shall be glad to consult with you at any time in reference to this matter.

Respectfully,

J. I. BUCHANAN,

President.

Which were referred to the Committee on Finance.

BUSINESS FROM COMMON COUNCIL.

C. C. No. 1056.

December 18, 1908.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to return herewith, without my approval, Ordinance C. C. No. 929, entitled:

"An Ordinance authorizing and directing the issue and sale of bonds of the City of Pittsburgh amounting in the aggregate to one million (\$1,000,000) dollars, to provide funds for the purpose of the acquirement of property for and the erection of a public bridge across the Allegheny river to connect that portion of said city known as the 'Point' with the North Side of said city, and providing for the redemption of said bonds and the payment of interest thereon."

I cannot see any propriety whatever in authorizing the issue of these bonds at the present time.

As this issue is authorized by a vote of the people no part of it can be used for any other purpose than the one specified, namely: To provide for the erection of a bridge over the Allegheny river at the "Point."

Before the bridge can be erected plans and estimates must be prepared and approved not only by the city, but by the Secretary of War, without whose approval the bridge cannot be constructed.

After that property must be acquired

for approaches and all other steps taken necessary to acquire the right to construct the bridge.

All this will take considerable time. How much time, however, it is not possible for me even to estimate. And when this has been done the contract for the construction of the bridge will have to be let before the money can be used.

In view of all this it is evident that it would be improvident to authorize the issue and sale of bonds to the amount of \$1,000,000, for which the city would have to pay interest at the rate of 4 per cent. per annum, and possibly an additional amount, 4 mills for State tax, when the proceeds would have to lie idle in the banks for an indefinite period.

I am, Respectfully yours,

GEO. W. GUTHRIE,
Mayor.

In Common Council December 28, 1908.
Read, received and filed.

Which was read, received and filed.

C. C. Bill No. 929. An Ordinance entitled "An Ordinance authorizing and directing the issue and sale of bonds of the City of Pittsburgh, amounting in the aggregate to \$1,000,000.00 to provide funds for the purpose of the acquirement of property for and the erection of a public bridge across the Allegheny river to connect that portion of said city known as the 'Point' with the North Side of said city and providing for the redemption of said bonds, and the payment of interest thereon."

In Common Council December 28, 1908. Bill became a law, notwithstanding the objections of the Mayor, by a three-fifths (3/5) vote.

Which was read.

And the bill not having been considered within five (5) days from the date of its return to Councils by the Mayor, with his objections, the bill failed to become a law.

And on motion of Mr. Tilbury Council adjourned.

The Chair presented

No. 731.

Department of City Controller.

Pittsburgh, January 25, 1909.

To the Honorable Select and Common Council of the City of Pittsburgh:

Gentlemen — I submit herewith the draft of an Act of Assembly entitled "An act, etc., etc." The object of the act is twofold: First, to provide for the collection of water rates, where water is used by meter; and second, so fixing the penalty imposed on Councils, which have gone delinquent, as to place within the power of Councils the disposition of the same. I have left the amount of the penalty blank, as several

suggestions have been made with regard to it. One (the most general) was to grade the penalty; another was to fix it at seven per cent.

Under the provision of the present act the penalty is imposed to defray the expense of collection, in which case Councils have no power over it. The present method of collecting water rents where metres are used is exceedingly unfair to the consumer, and there is grave doubt as to its legality.

If the act meets your approval, I respectfully ask the passage of a resolution requesting its passage by the General Assembly.

Respectfully yours,

E. S. MORROW,

Controller.

Also

No. 732. An act amending an act entitled "An act in relation to cities of the second class, providing for the levy, collection and disbursement of taxes and water rents," approved the 22d day of March, A. D. 1877.

Which were referred to the Committee on Finance.

No. 752.

Mayor's Office.

Pittsburgh, Pa., February 1, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—I have the honor to transmit herewith, for your consideration and action, draught of an agreement between the City of Pittsburgh and the Monongahela Water Company, prepared under the resolution passed by your bodies January 15, 1909, and approved by me January 18, 1909.

The proposed agreement has been approved by the Board of Directors of the Monongahela Water Company, and if approved by your honorable bodies the agreement can be made and possession taken immediately upon the terms stated therein.

Owing to the necessary delay in selling the bonds of the city to raise the purchase money for the "works," possession cannot be obtained at the present time except in pursuance of a mutual agreement satisfactory to both parties.

I am of opinion that the proposed agreement is fair to the city. The city will obtain possession of the "works" and in that way secure an opportunity of delivering filtered water to the inhabitants of the old wards, Twenty-fourth to Thirty-sixth, inclusive, at an early date, and will be entitled to the water rents paid to the company for the period covered by its possession, whether such rents were paid in advance or should be paid subsequently. The company will, however, for the protection of its rights reserve title to the property under this agreement until the purchase money has been adjusted and paid.

If satisfactory to you, I would recommend that the agreement be read and approved in both bodies at this meeting. I am, Very respectfully yours,

GEO. W. GUTHRIE,

Mayor.

Which was read.

Mr. Semmelrock moved

That the communication be received and filed.

Which motion prevailed.

AGREEMENT BETWEEN THE CITY
OF PITTSBURGH AND THE
MONONGAHELA WATER
COMPANY.

Whereas, Proceedings have already been had in the Court of Common Pleas No. 1 of Allegheny County, Pennsylvania, at No. 317 March term, 1907, wherein the city petitioned for the appointment of appraisers to value the property of the Monongahela Water Company, located in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, under the provisions of a contract theretofore made between the City of Pittsburgh and the Monongahela Water Company, dated December 23, 1885, in which proceedings there has been a final judgment entered valuing the property of the Monongahela Water Company in said wards at one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars; and

Whereas, Said contract contains among other provisions the following:

"If the said City of Pittsburgh and the said Monongahela Water Company, its successors and assigns, shall not within six months from the expiration of said term, agree on the terms for payment of said works, then this agreement shall continue until such time as the said City of Pittsburgh shall give one year's notice to the said Monongahela Water Company, its successors and assigns, of the intention of the said City of Pittsburgh to purchase at the said valuation, and that the said City of Pittsburgh proposes to pay for the same in five equal annual instalments, with interest from the date of the purchase and the assuming of possession of the said works;" and

Whereas, The Monongahela Water Company claims that the six months mentioned in said provision have long since expired, and, under the strict terms of the said contract, the city could not acquire possession of the said property without one year's notice of its intention to purchase at the said valuation, and in that case payment for the said works would be in five equal instalments with interest; and

Whereas, The City of Pittsburgh has lately completed a filtration system whereby it can deliver filtered water to the said wards from the Twenty-fourth (24th) to the Thirty-sixth (36th), both inclusive, through the system of the said Monongahela Water Company, and the city is anxious so to do, and both parties are willing to waive the strict terms of the said recited provision; and

Whereas, It is necessary before the actual transfer of absolute title by the Monongahela Water Company to the City of Pittsburgh of the said recited works that the Monongahela Water Company should first arrange for the collection of various unpaid water rents that are overdue and unpaid in the said recited wards, and it is also to the benefit of the

city that the said water rents should be collected, because the city will be interested in a portion thereof, and, when collected, the Monongahela Water Company must account for the same to the said city; and

Whereas, The Monongahela Water Company claims to have made certain additions, permanent improvements and extensions of its water mains since the making of the inventory of its assets, which was introduced in evidence before the appraisers, and on which the said appraisalment was made, which inventory is dated December 9, 1907, and if this be so the Water Company is entitled to reasonable allowance for the same; and

Whereas, The City of Pittsburgh has provided for a bond issue of one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars to pay the said assessed valuation of said property of the Monongahela Water Company, and it is now intended to advertise and sell said bonds so as to acquire the money wherewith to pay the said Monongahela Water Company, such selling of the bonds being in the interest of the City of Pittsburgh because of the premium that the said city expects to receive thereon; and

Whereas, It will require some time before a final adjustment and settlement of the question of the additional claim of the Monongahela Water Company can be made, and also some time for the advertisement and sale of the said bonds, and before the water rents now unpaid can be collected, and yet both parties are anxious that the City of Pittsburgh should at once introduce to the inhabitants of the said wards from the Twenty-fourth (24th) to the Thirty-sixth (36th), both inclusive, filtered water;

It is now and by this agreement provided as follows:

First. The Monongahela Water Company does hereby lease to the City of Pittsburgh, beginning on the 1st day of February, 1909, until the 20th day of March, 1909, at noon of said day, its water plant as it now stands in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, and this includes all its property, real estate and fixtures in said wards, an inventory of which property, real estate and fixtures is annexed to and made part of this contract and lease. This inventory shall before it is annexed to this contract be certified by the acting superintendent of the Water Bureau of the City of Pittsburgh and also by Martin Prenter, superintendent of the Monongahela Water Company.

Second. The Monongahela Water Company agrees to deliver and the City of Pittsburgh agrees to take possession of said plant on said February 1, 1909, and thereafter to operate the same at its own risk and expense and deliver water to the customers and consumers now on the lines of the water works of the said Monongahela Water Company in said wards up to April 1, 1909; but this possession and the operation of the said plant shall be consistent with and subject to the right of the Monongahela Water Company to proceed to collect its unpaid water rents, using such remedies

as the said water company has, including the turning off of the water at all places where the customers have and shall persistently refuse to pay what they owe to the said water company for the water furnished to them.

Third. All claims as aforesaid of the Monongahela Water Company for permanent improvements, additions and extensions since the making of the said inventory, which inventory is dated December 9, 1907, are hereby referred by the parties hereto to the superintendent of the Water Bureau of the City of Pittsburgh and Martin Prenter, the superintendent of the Monongahela Water Company; and these two, in case of difference between them, are authorized to choose an umpire, and the decision of the majority of the three shall be conclusive and binding upon both parties hereto. Proceedings before said referees are to be informal, and the said referees are to act chiefly upon their own inspection and examination, with such additional information as they may desire; and their work shall be completed and award made by the first day of March next succeeding.

Fourth. On the 20th day of March, 1909, this lease shall terminate, and the City of Pittsburgh shall thereupon, on or before noon of said day, pay to the Monongahela Water Company said sum of one million nine hundred and seventy-five thousand (\$1,975,000.00) dollars, with interest from February 1, 1909, at the rate of five (5%) per centum per annum, together with such other sums as the said referees may award for permanent improvements, additions and extensions; subject also to such reduction or credit as the City of Pittsburgh shall be entitled to for the water rents due to it, and which the Monongahela Water Company may have collected at any time prior to said March 20, 1909, as aforesaid, which accounting by the water company to the city shall be on this basis:

The water rents of the Monongahela Water Company are from assessments made yearly, and which run from April 1 of one year to March 31, inclusive, of the next year, and the water to be furnished by the Water Company to the consumers for said assessments is for the same period of time. As the City of Pittsburgh takes possession of and operates the works of the Monongahela Water Company and supplies water under the provisions of this lease and contract to the consumers of the Monongahela Water Company in said recited wards, for the period beginning February 1 and ending April 1, 1909, it is entitled to receive of the said water rents assessed by the said Monongahela Water Company its proportion thereof for the said time it shall so operate said works, and deliver water as aforesaid, whether said water rents are measured by the assessment aforesaid, or by meter readings, or otherwise; and this exact sum shall be stated and fixed by the said superintendent of the Water Bureau and the said Prenter on the said 20th day of March, 1909, if there then be any uncertainty about it; any amount thereafter collected for water furnished between February 1,

1909, and March 31, 1909, by either party shall be divided on same basis.

Fifth. The Monongahela Water Company agrees on its part that it will pay off its outstanding issue of bonds and all unpaid interest thereon, amounting in the aggregate to the sum of one hundred thousand (\$100,000.00) dollars, which bonds are dated January 1, 1892, payable January 1, 1912, with interest at five (5%) per centum per annum, and are secured by a mortgage on the property of the Monongahela Water Company. (See Deed Book, volume 602, page 295, in the Recorder's Office of Allegheny County). Or if the Monongahela Water Company shall not be able to arrange for the retirement of said bonds before noon of March 20, 1909, then the following arrangement shall be perfected: The City of Pittsburgh in its sale of said bonds shall only at present sell one million eight hundred and seventy-five thousand (\$1,875,000.00) dollars, retaining possession of one hundred thousand (\$100,000.00) dollars of the bonds. This will save the City of Pittsburgh paying interest on said one hundred thousand (\$100,000.00) dollars of its own bonds up until January 1, 1912, when the bonds of the Monongahela Water Company mature, and it can then either sell said bonds in the open market or exchange said bonds for the bonds of the Monongahela Water Company, as the city prefers, but as the city takes possession of the water works of the Monongahela Water Company and thereby has the use of all the said works of which the said one hundred thousand (\$100,000.00) dollars is part of the consideration, it should and will pay the interest on the said bonds of the Monongahela Water Company from March 20, 1909, the date of possession as absolute owner by the City of Pittsburgh, and as Pittsburgh bonds themselves only bear four (4%) per centum interest, and the Monongahela Water bonds bear five per centum interest, it is agreed that the Monongahela Water Company shall make a proper provision with the city for the difference between the four per centum and the five per centum interest on its own bonds up to the date of maturity.

Sixth. Upon the payment of the said purchase money, as provided in the preceding section, the Monongahela Water Company shall make a deed to the City of Pittsburgh conveying absolutely its said property in wards Twenty-fourth (24th) to Thirty-sixth (36th), both inclusive, so that the City of Pittsburgh shall be seized and possessed of an absolute estate in the same.

No. 788.

Mayor's Office.

Pittsburgh, March 8, 1909.

To the Select and Common Councils of the City of Pittsburgh:

Gentlemen—After careful examination and consideration of present conditions I have become convinced that the surface lines can, if they will, afford full accommodation for public transportation in this city not only at the present time, but for some years to come, unless the future growth of the city should exceed the average of recent years, and this without any undue or unreasonable congestion of traffic on the streets.

It is true that this would cause an increase in the operating expenses of the Pittsburgh Railways Company without an equal increase in its revenues; but, as the net profits per car mile of the system average over 12½ cents, which is nearly double the net profit per car mile of the Boston system, which supports surface, subway and elevated lines and pays a reasonable dividend to stockholders, and as no other street railway system in any large city in the United States approximates any such net profit per car mile, it is evident that the Pittsburgh Railways Company can largely increase its operating expense and yet leave a reasonable profit for its service.

With the possible exception of Smithfield street, there is no car congestion on any street that is not caused by the practice of the company in looping its cars in the heart of the "business section" of the city, and which would not be relieved if the company would abandon that system; and the congestion on Smithfield street could probably be immediately relieved by a re-distribution of

the cars at present collected on the street without inconveniencing its patrons.

But, even with the congestion caused by the present system of looping, the car service could be doubled during the rush hours, thereby affording seats for almost every passenger during the rush hours without increasing the number of cars at any single point—even the most densely traveled—beyond that uniformly used without undue inconvenience in the City of Berlin.

From careful counts made at Fifth avenue and Smithfield street by impartial persons the number of cars during the rush hours is only a little over 140 per hour, while in Berlin they use 256 per hour.

In considering the question of the number of cars on Fifth avenue at Smithfield street it must also be remembered that if the cars going east were equally divided between Fifth and Sixth avenues, instead of nearly all being collected on Fifth avenue as they are now, owing to the looping system, the public would be better accommodated and the travel on Fifth avenue greatly relieved.

The problem to be solved in this city, therefore, is not how to provide new lines for the accommodation of public travel (as it has been in some other cities), but to compel or induce the company to provide the necessary number of cars and run them in such a manner as to avoid unnecessary obstruction in the streets.

The surface lines can do the work if the company operating them will only put on a sufficient number of cars.

As the company is not willing to render this service voluntarily, the question is: Can it be compelled to do so, and, if so, how?

I. In the case of corporation created to discharge a public function, and for that purpose invested with valuable public privileges, including, as in this case, even a portion of the sovereign power of the state itself, the law, even when it is not expressly stated, implies a duty on the part of the company thus favored to give to the public the service and accommodation to supply which it was created.

The furnishing of the public service is the condition of the grants made it.

It has frequently been decided by the courts of last resort that the charter of a company can be forfeited for a persistent and wilful failure to fulfill the purposes for which it was created.

This remedy, however, is not open either to the city or the people for whose service these companies were created.

The companies were incorporated by the state, with an implied obligation between the state and the companies, and it is the state alone that can institute proceedings to forfeit the charters of the companies for failure to fulfill that obligation.

It will be remembered that both the Governor and the Attorney General when appealed to refused either to institute proceedings themselves or to permit us to use the name of the state for our own protection.

II. Ordinarily, when an officer or corporation charged with the performance of a public duty fails to perform it, a writ of mandamus, granted by a court having jurisdiction on the suit of a person whose legal rights are affected, may be obtained to compel performance.

Because to do so would practically require them to assume the office or manage the affairs of the company concerned, the courts had uniformly refused to grant a writ of mandamus, the purpose of which is to compel the performance of a continuing series of acts or the carrying on of a general course of administration.

As the relief which we need is a continuous change in the operations of the company, it is apparent that nothing could be accomplished through a mandamus, even if we have the right as plaintiffs to apply for such a writ.

III. As we cannot, therefore, get relief through a writ either of quo warranto or of mandamus, we must, if we are to get justice, compel the Pittsburgh Railways Company to fulfill its obligation to the public by penalizing it, either by indictment at common law for maintaining a nuisance, or by the strict assertion of the city's rights, preventing the company from enjoying any privileges not granted to it, until through regard for its own interests (the only consideration which will control it) it is compelled to perform its duty to the public.

Certainly, while the company thus arrogantly refuses to perform the conditions on which the privileges which it holds were granted to it, no new ones should be given it.

IV. The only practical remedies, therefore, which the city has in its own control are:

First. To compel the company to carry on its business strictly within the privileges which have been granted to it, and restrain it from doing anything which it has no legal right to do; and

Second. To exercise such police power as the city has or can get for the regulation of the business of the company so as to promote the comfort and well-being of the people and prevent practices which are in themselves public nuisances, and to impose and collect fines for the violation of such regulations.

No street railway can be constructed or operated within the limits of any city in this commonwealth without the city's consent.

The city has given its consent to the construction and operation of certain street railways. The consents given by the city were separate and individual consents to each company; in each case the company to which consent was given had its own charter, which specified its route, and the consent of the city was to the construction, maintenance and operation of a line by that company on the route specified.

Without the consent or approval of the city, either expressed or implied (except possibly in one instance) these various companies have by consoli-

tions and leases between themselves and with the Pittsburgh Railways Company become consolidated under the management of one single company, and are operated as such.

There is scarcely a single company the route of which has not been changed more or less radically, some of the changes being of such a character as to work a complete change of the line of travel from that specified in the charter of the company, and to which the city gave its consent.

In many instances, the cars of one company are run on and carried over the line of another company.

In several instances the cars of so-called inter-urban companies, whose routes as designated in their charters run over borough, township and county roads exclusively and do not come within the city limits, and to which the city has not given any consent, are carried over the lines of other companies into the heart of the "business district" of the city and looped there, thereby increasing the obstruction to general travel and the cost of maintenance.

All this has been done by the Pittsburgh Railways Company for its own profit; it has materially affected the direction of transportation throughout the city, increased the congestion upon and the wear and tear of many streets, and is materially affecting the business development of the city.

In view of the constitutional provision already referred to, and of the power which the city has to regulate the use of and the traffic upon its streets, it is manifest that no company has the right to do these things without first obtaining the consent of the city.

I am clearly of the opinion that the city is entitled to injunctions:

First. To restrain the changing of the route designated in the charter of a company and the Ordinances of the city without the city's consent;

Second. To restrain the running of the cars of one company over the lines of another company without the city's consent; and

Third. To restrain the bringing into the city of the cars of companies operating on township and county roads without the consent of the city.

While the operation of the subsidiary companies by the Pittsburgh Railways Company as a single system was adopted by the company entirely for its own profit and advantage, it is clear that by operating them in this manner the company could, if it would, in this way give to the public greater accommodation and convenience than in any other way. I would, therefore, advise giving to the company the city's consent to this system upon certain conditions, the most important being these:

First. The company must at all times give the public sufficient and adequate accommodations at a reasonable price; this will include sufficient seating capacity, through cars and transfers at point of intersection.

Second. The company must abandon those practices, such as looping cars in the congested district of the city, etc., which unduly obstruct the public travel on the streets, and impose an unreasonable burden on them.

Third. The city must not surrender any of the rights it still has and must specifically reserve the right to regulate the routing of the cars of present lines now in operation and the bringing of cars of new lines into the city over old lines, so that its power in this matter shall never be impaired.

And to show the city's good faith in this matter, a proper Ordinance, embodying these conditions, should be introduced and acted on while the bills for injunctions, as suggested, are being pushed to hearing.

It has been intimated that if the city should attempt to enforce its rights in these directions the Pittsburgh Railways Company would abandon the illegal practices referred to and compel passengers to transfer at present connecting points from one line to another and charge them a new fare at each transfer.

This is the usual threat of a wrongdoer, viz., that if the injured party will not patiently submit to the wrong to which he has been subjected a greater injury will be inflicted on him in revenge for his resistance.

The threat, however, is an empty one.

In the first place, the practices complained of were adopted by the company for its own convenience and profit, and have been very advantageous to it, making its property, as they themselves have boasted, the most valuable street railway property in the United States; if abandoned the company will lose gross revenue and incur increased operating expenses, which would depreciate the net profits of the company much more than complying with any reasonable regulations which the city would impose.

The profits which the company anticipates from the bringing in over its lines of the so-called "inter-urban" cars now in operation, and those which it is expected the growth of the surrounding community will develop in the next few years are counted upon for future dividends on its stock.

In the second place, the leases and agreements by which the single system has been built up cannot be set aside without the consent of the security holders, whose securities would be endangered by any such act, and who would inevitably apply for a receiver, who would act under the direction of the Court in compliance with the law and the rights of the city for the best interests of the public and the security holders.

But finally, if the company should obstinately refuse to acquiesce in the proper exercise of the power which the law gives the city and endeavor to coerce the public into submission to its illegal conduct by increasing the insufficiency of its service and the fares demanded, then the city would be fully justified in availing itself of the rights reserved to

it in the franchise Ordinances given to the main trunk lines, without which the whole system as now operated must fall.

These Ordinances reserve to the city, among other advantages, two rights of vast importance in view of the present controversy:

First. The Ordinances granting franchises to the Citizens Passenger Railway Company, Pittsburgh, Oakland and East Liberty Railway Company, Pittsburgh and Birmingham Passenger Railway Company, Pittsburgh, Allegheny and Manchester Passenger Railway Company (both in Pittsburgh and Allegheny) and the Federal Street and Pleasant Valley Street Railway Company (the underlying lines over which the outlying companies reach the "business section" of the city) all contain a provision that any failure to comply with any of their terms shall work a forfeiture or revocation of the grant.

Second. These Ordinances further contain a provision giving the city the option to purchase the roads at a price to be fixed by appraisers.

I do not mean to advise municipal operation of street railways, nor would I sanction the slightest act to injure these lines merely for malice or punishment.

I refer to these matters now, however, for two purposes:

First. In order that the people may have a clear conception of their rights and powers, which have been for so many years ignored, so that they may clearly know that if the Pittsburgh Railways Company should arrogantly refuse to fully discharge its duty to the people under its charter, the performance of which is the condition of its existence, and vindictively attempt to punish them for an assertion of their rights by imposing upon them more serious burdens than they now have to endure, that the power to secure their justice is in their own hands.

Second. In order that knowing their rights they may be vigilant to prevent their surrender, either intentionally or by oversight.

With the development of the city subways will become necessary; in fact, a subway under Smithfield street would be a great relief to-day.

All subways under public streets, however, should belong to the city. When the time for their construction comes Pittsburgh should be in a position to have the power to do what Boston did, viz., compel the traction lines to move into them on terms which will be fair to the city.

It has that power now. It should never be surrendered or impaired.

For purpose of reference, I attach hereto extracts from the franchise Ordinances of the Citizens Passenger Railway Company, Pittsburgh, Oakland and East Liberty Passenger Railway Company, Pittsburgh and Birmingham Passenger Railway Company, the Pittsburgh, Allegheny and Manchester Passenger Railway Company and the Federal Street and Pleasant Valley Street

Passenger Railway Company, hereinbefore referred to.

I also submit draught of Ordinance to meet the suggestions made by me. I am,

Very respectfully yours,
GEO. W. GUTHRIE,
Mayor.

CITIZENS PASSENGER RAILWAY COMPANY.

The consent of the city for the construction, maintenance and operation of this line was given upon the following conditions, among other things:

First. To pay into the City Treasury "for each car run over its road" \$20.00 per annum for the first five years, \$30.00 per annum for the second five years and \$40.00 per annum for each year thereafter.

Second. To pay into the City Treasury annually three per cent. of the net profits of the said company for the first five years, and five per cent. of the net profits of said company for each year thereafter.

Third. To keep the streets over which the road passed in good repair from curb to curb.

The Ordinance further provided:

First. That "any failure to comply with these conditions should be held to work a revocation of the franchise."

Second. That the city should have the right at the end of 20 years, by giving the company one year's notice of its intention, to acquire the road and stock by paying for the same at a rate to be fixed by five disinterested appraisers.

PITTSBURGH, OAKLAND AND EAST LIBERTY RAILWAY COMPANY.

The franchise of this company was conferred upon the following conditions, among others, namely:

First. The payment of an annual sum upon each car run on the road.

Second. The payment of an annual sum of \$200.00 for each year during the first five years, and \$400.00 annually thereafter, in lieu of a percentage of profits.

Third. That the company shall keep clean and in good repair from curb to curb that portion of the streets on which the road was constructed.

The Ordinance further provided:

First. That any failure to comply with any of its terms might, at the option of the City Councils, be held to work the revocation of the privileges herein granted; and

Second. That at any time after the end of 20 years the city shall have the right, by giving one year's notice, to purchase the road at a price to be fixed by five disinterested appraisers, to be appointed by the President Judge of the Quarter Sessions Court of Allegheny County.

PITTSBURGH AND BIRMINGHAM PASSENGER RAILWAY COMPANY.

The franchise of this company was conferred upon the following conditions, among others:

First. The payment of the same annual sum on each car run on the road.

Second. The payment of the same percentage of net profits as required in the case of the Citizens Passenger Railway Company; provided that the payments on account of principal and interest on borrowed money shall not be considered in determining profits.

Third. To keep clean and in perpetual good repair, from curb to curb, the streets on which the road was constructed. (This condition was subsequently modified so that it applied only to the portion of the street between the tracks and one foot on either side thereof).

The Ordinance further provided:

First. That any failure to comply with any of its terms might at the option of the City Councils be held to work a revocation; and

Second. That the city shall have the right at any time after the end of 20 years to purchase the road at a price to be fixed by five disinterested appraisers to be appointed by the President Judge of the Quarter Sessions Court of Allegheny County.

PITTSBURGH, ALLEGHENY AND MANCHESTER PASSENGER RAILWAY COMPANY.

The franchise of this company in the old City of Pittsburgh was granted upon the following conditions, among others:

First. That in lieu of tax upon cars and a percentage of profits the company should pay the city annually \$100.00 for the first five years and \$200.00 for the next fifteen years, and be subject after the expiration of 20 years for such payments as may be ordained by Councils.

Second. That the company should keep the streets used by it clean and in perpetual good repair from curb to curb.

Third. That the Ordinance should not be construed to grant or confer upon any other company the right to traverse the streets.

The Ordinance provided further:

That any failure to comply with any of its terms may at the option of City Councils be held to work a revocation of the privileges granted.

The Ordinance in which the franchises of this company in which the old City of Allegheny were granted contained the following conditions, among others:

First. To pay for each car run upon the road annually for the first five years \$20.00, for the second five years \$30.00 and thereafter \$40.00 per car.

Second. To pay during the first five years three per cent. on the dividends declared, and annually thereafter five per cent. of the dividends declared.

Third. To keep the streets through which the railway passed in perpetual good repair from curb to curb.

The Ordinance further provided:

First. That the city should have the right to modify or change its terms after the expiration of ten years by giving three months' notice.

Second. That the city should have the right after the expiration of 20 years to purchase the road for a sum to be fixed by five (5) disinterested appraisers to be appointed by the President Judge of the Court of Quarter Sessions of Allegheny County.

Third. That any failure to comply with all the provisions and conditions of the Ordinance should, at the option of the City Council, work a revocation of the privileges thereby granted.

FEDERAL STREET AND PLEASANT VALLEY STREET RAILWAY COMPANY.

The Ordinance of the old City of Allegheny granting the franchise held by this company contained various conditions, which were probably released by a subsequent Ordinance in favor of the North Side Traction Company; but it also contained the following conditions, which are still in full force:

First. That the city should have the right upon giving three (3) months' notice to modify or change the contract.

Second. That the city should have the right at any time after the expiration of 20 years to purchase the road at a price to be fixed by five disinterested appraisers to be appointed by the President Judge of the Court of Quarter Sessions of Allegheny County; and

Third. That any failure to comply with the terms and conditions of the Ordinance should at the option of the city work a revocation of the privileges granted.

There being no quorum present

The Chair said:

"In all probability this is the last meeting this Council will have, so I desire at this time to thank the members for the courtesy they have shown the Chair at all times, and I also desire to thank the clerk and assure him of my appreciation of his habit in keeping the Chair straight. It seemed to him at all times to be a pleasure to serve us, and I appreciated it very much.

"Council will stand adjourned."

Mr. Stevenson arose and said:

"Mr. Chairman and fellow members, before adjourning I wish to offer the following: Resolved, That the thanks of this Council be extended to Dr. Walters for his uniform fairness and courtesy in the discharge of his duties as

President of this Council during the past three years."

"In support of this motion I wish to say that although there was some strong opposition to the election of our Chairman, he has sometimes seemed to regret that it was forced upon him, but at all times we have seen his sunny smile. I have stood on the floor in opposition to his policies many times, and I can say unhesitatingly and sincerely that he has always shown me the utmost courtesy and fairness, and, in fact, has ruled in all fairness to this body."

Mr. Metcalf arose and said:

"As I have just come in I gather from Mr. Stevenson's remarks that he is speaking of no other than our worthy President, and I wish to add a few words. As our time is about to expire, and this is probably our last meeting, I wish to state that my stay in Council has been extremely pleasant, although there has been disappointments, and I wish to thank every member of Council who helped me and also those who opposed me for their courteous treatment; also our President, Dr. Walters, for the courtesy with which he has treated me as a member of this Council.

"Three years ago I was called upon to decide between Dr. Walters and Dr. Burns, and undoubtedly all know I obtained some notoriety when I confessed why I voted for Dr. Walters over Dr. Burns, and by so doing made both Dr. Walters and myself liable to indictment by reason of my confession. The attack on both Dr. Walters and myself came about through ignorance and maliciousness, and either way it was inexcusable. If I had to do it over again I would proceed as I did then, and try to obtain the best committee appointments possible. I did nothing wrong and the doctor did nothing wrong. I want to say further that if any citizen of the City of Pittsburgh or the County of Allegheny wants to enter any criminal proceedings I am willing to waive the statute of limitation if it has expired. I have no apology to make for my vote. Were I called upon to do the same thing to-night I don't know what I could say, as I have come to know both the gentlemen so well.

"I again repeat that I have no apology to make for my vote for Dr. Walters as President of this body, as I have seen no one who has not received the most courteous treatment at his hands."

The question being taken upon the adoption of the resolution, it was unanimously agreed to.

President **Walters** said:

"Gentlemen, I wish to express my thanks to the gentlemen for passing

such a resolution as this one. I know of no greater reward that I could have received than this."

And there being no further business
Council adjourned.

Whereas, The work in the Bureau of Construction has been increased by reason of the increased amount of appropriation work, namely, construction of streets, avenues and bridges, also by the requirements of the State Board of Health for complete plans of the sewer systems of the City of Pittsburgh, and also by the annexation of the various boroughs; and

Whereas, Proceedings have been had to open and widen Beatty street at a width of fifty(50) feet between Penn avenue and Baum street, and to grade, pave and curb the same, by ordinances duly enacted in Councils and approved by the Mayor on November 5th, 1898, recorded in Ordinance Book Vol. 12, page 182, and on March 15th, 1899, recorded in Ordinance Book, Vol. 12, page 344, and on March 28th, 1899, recorded in Ordinance Book, Vol. 12, page 356, and

Whereas, a view was duly and legally held on the premises, and on Sept. 16, 1899, the Viewers' Report was filed in Common Pleas Court No. 3, of Allegheny, at No. 605 August Term, 1899, and the same was confirmed nisi by the Court. Said report assessing the benefits and damages of the said opening and widening proceedings upon the property owners in interest, in the equal amount of Twenty thousand seven hundred fifty-five (20,755.00) dollars; and one, Andreas Sborigli, a party in interest, filed exceptions thereto on Sept. 21st, 1899, which said exceptions have since been pending in the said Court. and

Whereas, by writing, duly read, accepted and approved in Councils, March 3rd, 1902, recorded in Ordinance Book, Vol. 14, page 397, A. W. Mellon, Katharine L. Brown and James R. Mellon, did dedicate, set apart, and appropriate to the city of Pittsburgh, for use as a public highway, a strip of ground ten (10') feet in width along the westerly side of Beatty street, between Baum avenue and the northerly line of Mellons Plan of Baum's Grove, recorded in Allegheny County in Plan Book, Vol. 8, page 162, making Beatty street between said points fifty (50') feet in width; and by the terms of said dedication and appropriation did waive and release the City of Pittsburgh from any and all claims for damages that might accrue to their several properties by reason of said dedication and acceptance, and did grade, pave, curb and open the said street between the said points to a width of fifty (50') feet in accordance with the ordinances in the matter made and provided, and

Whereas, at a regular Argument Court, held in the month of Sept. 1907, in the matter of the exceptions to the said Viewers' report, the Court of Common Pleas No. 3, refused to confirm said report absolutely, for the reason that the action of the said A. W. Mellon, Katharine L. Brown and James R. Mellon, and the City of Pittsburgh in making and accepting said dedication and appropriation, rendered the liability for the payment of the aforesaid sum of Fifty-six hundred forty-five (\$5,645.00) dollars benefits, unfixed and indeterminate as between the aforesaid parties and the City of Pittsburgh, and

Resolved, That the Mayor be, and is hereby authorized and directed to issue, and the City Controller to countersign a warrant in payment of the excess benefits arising from the proceedings for the opening and widening of Beatty street between Baum street and Penn avenue; the liability for the payment of which has been rendered uncertain by the appropriation and dedication by A. Mellon of a strip of ground ten (10') feet in width abutting upon the westerly line of Beatty street between Baum avenue and the northerly line of Mellon's Plan of Baum's Grove, and the opening, paving, grading and curbing of the said street between the said points at a width of fifty (50') feet, and the acceptance of the said dedication by the City of Pittsburgh; the said warrant amounting in the aggregate to the sum of Three thousand one hundred forty-five (\$3,145.00) dollars, to be payable upon the final confirmation of the Viewers' report in the matter of the opening and widening of Beatty street between Penn avenue and Baum street, now pending at No. 605 August Term, 1899, in the Court of Common Pleas No. 3 of Allegheny County. Whereas, In the matter of grading, paving and curbing of Shady avenue, Eleventh ward, City of Allegheny, now City of Pittsburgh, at No. 196 December term, 1903, in the Court of Common Pleas No. 1 of Allegheny County, the Viewers assessed benefits against all of the abutting property owners; and

Whereas, The said Superior Court at the said number and term modified and reduced said Board of Viewers' report as filed at No. 196 December term, 1903, Court of Common Pleas No. 1 of Allegheny County; and

Whereas, Equity requires that the various amounts overpaid by the said abutting property owners should be re-

funded to them, thus placing them on an equal footing with the other property owners who paid their assessment after the modification and reduction of the assessment made by the Superior Court at the number and term as above stated; therefore be it
